

Administrative Burdens Working Group Pilot Year

A joint effort by Doctors of BC, the Ministry of Health and Health Quality BC funded through the Physician Master Agreement.

Areas of Focus

BC Cancer

Medical Imaging

Special Authority

~183,335 hours

of physician administrative burden will be reduced through 3 endorsed recommendations related to scheduling medical imaging appointments.

**Over
100
people**

with lived experience of administrative burden interviewed including patients, physicians, nurses, pharmacists, allied health and administrative staff.

Administrative burden is not the result of one process or form. It is the cumulative impact of the many services, processes, tasks or forms clinicians interact with every day.

What's Next?

- ▶ Ongoing development of recommendations
- ▶ Identification of opportunities for collaboration with other provincial, federal and international teams working in this space
- ▶ Prioritization of additional burdens
- ▶ Sharing learnings and encouraging others to address administrative burden

“It is validating to know that someone is doing this work, and I am not alone in these experiences.” – BC Physician
